Registered office	47 Nguyen Van Troi, Phu Nhuan District, Ho Chi Minh City
Registration	Decision 124/QD-SLDTBXH, 2017
Reporting period	1 January to 31 December 2024
Publication	April 2025

A message from our Executive Director

In a year of rising need, Generation Bridge Foundation stood beside more young people than ever before. Across four provinces, 592 young men and women completed one of our programmes, and I am proud to report that 71 per cent of them were in paid work within ninety days - comfortably ahead of our 65 per cent target.

None of this is possible without our partners. I want to thank the VPBank Foundation, whose multi-year commitment underpins our flagship Skills Forward programme, and the hundreds of volunteer mentors who give their evenings and weekends to walk alongside our young people.

Demand for our services continues to outstrip what we can offer. As I write, more than a thousand young people are waiting for a place. Meeting that need, without compromising the quality that makes our model work, is the central challenge of the years ahead.

"We do not simply train young people and hope. We connect them to real employers, real internships, and real jobs."

- Dr. Lan Phuong Nguyen, Executive Director

Our year in numbers

Indicator	2023	2024
Young people completing a programme	495	592
Job placement rate within 90 days	68%	71%
Active employer partners	48	55
Active volunteer mentors	80	95
Provinces served	3	4

Placement is defined as any paid employment of at least fifteen hours per week within ninety days of completing a programme. This includes flexible and platform-based work such as ride-hailing and online selling.

Our programmes

Skills Forward, our flagship, combines eight weeks of employability training with an eight-week paid internship at a partner employer. Pathway Digital offers a twelve-week online course in e-commerce and digital administration, followed by a four-week in-person lab. Bridge Mentors pairs young people with trained volunteer mentors for six months of one-to-one support.

Looking ahead

In 2025 and beyond we intend to deepen our employer relationships, strengthen our monitoring, and explore how we can responsibly reach the thousand-plus young people still waiting for a place.
