

Staff Engagement Survey 2025

Summary of results prepared by Human Resources

Client	Generation Bridge Foundation
Document reference	D-11
Issued	November 2025
Classification	Client document D-11
Version	3.0 July 2026

Method

The annual anonymous survey was open for two weeks in October 2025. Fifty-two of sixty-seven full-time staff responded, a response rate of 78 per cent.

Headline results

Statement	Agree or strongly agree
My workload is sustainable	39%
I have the tools and data I need to do my job well	44%
I would recommend GBF as a place to work	63%
Our monitoring data is accurate	31%
Beneficiaries would benefit most from transport support	72%

Field staff turnover during 2025 was 34 per cent, against a sector benchmark of approximately 22 per cent.

Selected verbatim comments

"I love the mission but I cannot keep working sixty-hour weeks. Something has to give."

"We are told to visit every employer monthly. With my caseload that is simply impossible."

"The data system is a mess. I do not trust our own placement numbers."
