

Assessment Rubric

100 points - descriptors for each level

Client	Generation Bridge Foundation
Document reference	Facilitator pack
Classification	FACILITATOR ONLY - do not distribute
Version	2.0 July 2026

Score each criterion against the descriptors. Weight as shown.

Problem understanding (15 points)

Excellent	Good	Satisfactory	Poor
Precise, MECE issue tree; clear trade-offs identified	Solid framing; minor gaps	Generic framing; some overlap	Misreads the problem

Research quality (10 points)

Excellent	Good	Satisfactory	Poor
Sources triangulated; credibility assessed; contradictions resolved	Most sources used well	Uses sources uncritically	Ignores or misuses sources

Design thinking (15 points)

Excellent	Good	Satisfactory	Poor
Evidence-based empathy and journey maps; ideation tied to pain points	Competent maps and ideation	Mechanical, thin on evidence	Superficial or missing

Data analysis (20 points)

Excellent	Good	Satisfactory	Poor
Clean data, honest definitions, correct interpretation, limitations stated	Mostly sound; small errors	Basic analysis; weak interpretation	Errors or misleading charts

Recommendations (20 points)

Excellent	Good	Satisfactory	Poor
Distinct options; clear, feasible, evidence-based choice; ethics engaged	Reasonable, mostly supported	Vague or weakly supported	Unsupported or infeasible

Presentation (10 points)

Excellent	Good	Satisfactory	Poor
Answer-first storyline; every slide earns its place	Clear and mostly disciplined	Some data-dumping	Disorganised or decorative

Project management (5 points)

Excellent	Good	Satisfactory	Poor
Logs, RACI, version control all maintained	Mostly maintained	Patchy	Absent

Teamwork (5 points)

Excellent	Good	Satisfactory	Poor
Genuine cross-audit; shared ownership	Good collaboration	Uneven contribution	Free-riding evident
