The rules

- Fictional case only - no outside data in deliverables.
- Workflow A does not hold the operational datasets; use Analysis Requests.
- Workflow B does not share the raw workbook; return Findings Memos.
- Official A-B exchange: save R-xx and FM-xx PDFs in team Drive folder A_B_Exchange/.
- Use Analysis_Request and Findings_Memo templates - chat is not the assessment record.
- Cite Ref + section (documents) or CODE (Speaker) for transcripts.
- Name files: Team_Owner_DeliverableCode_Version.ext and submit via the weekly Google Form.
- Download the pack from GitHub: Code > Download ZIP.
